

Hazardous work Demolition exclusion deleted and one drop a

Endorsement applicable to all Sections of the Certificate.

We agree that exclusion 3. a) Hazardous work under General Exclusions is deleted in its entirety and replaced by

- a) demolition apart from such work not involving:
 - i) a method designed and / or intended to demolish the structure (or part thereof) in one sudden and uninterrupted process other than any structure (or part thereof) which is 3 metres or less in height
 - ii) the use of mechanically operated ball and chain.

by or on behalf of **You**.
